

Progressive Edge Lean Six Sigma Green Belt

(Note: No prior training required before attending this session.)

Live Instructor and Students on-line via Teams

Fall 2025

During this 6-day course, students will learn Lean Six Sigma (LSS) concepts that apply to all industries and apply them to a current project to deliver real business results. This training aligns with ASQ Body of Knowledge and provides 4 CEUs (CECs, RUs, PDUs) upon completion of classes and the required project. Projects will deliver hard savings and other quantifiable improvements.
